Euro American Conference on Telematics and Information Systems

(Conferencia Euro-Americana de Telemática y Sistemas de Información)

EATIS'12: 6th Euro-American Conference on Telematics and Information Systems, will be held in Valencia (Spain) from May 23 to 25th, 2012. EATIS 2012 has the goal of promoting the academic and research collaboration among European and the American continent universities. In this way, provide state-of-the-art discussions that can motivate key research directions to young researchers and new research groups. Official languages for the conference will be English, Spanish and Portuguese.
